Re: *Hamed v. Yusuf and United Corporation*

Dear Counsel:

It has been more than a week since I sent you my letter of January 23rd, asking for a solution to or meeting about unilateral decisions with regard to third-parties; such as vendors, advertisers, and contractors -- and your clients telling these third parties that business transactions have to be done with them and not the Hameds.

As I have not received any communication in response, I'm writing to see if any response will be forthcoming. If I do not hear from you by the end of day tomorrow, I will assume that your client does not wish to address my client's concerns.

In addition, I would like to add two very serious matters to the list of items.

First, my client understands that one or more of the Yusufs is opening a grocery business on the East End. I attach a Tropical Shipping contract that was described in my earlier letter -- and note that it seeks to leverage this new operation's shipping with the benefits of Plaza Extra's contract. (This was a Plaza Extra contract changing the *status quo* to which my client did not agree, and seems to be for the benefit of a personal business.) Please confirm that this will be corrected.

Second, we cannot find payments for quarterly income taxes for the second through fourth quarters of 2013 (almost all of which is on Plaza Extra income) that have always

been made from Plaza Extra funds. Please inform me if these have not been paid -- or if they have: from what account and under whose signatures. (Also, if they were paid out of a non-Plaza, United account, how the funds got from Plaza into that account.)

Please respond to this letter as well as my January 23rd letter as soon as you can so we can wrap up these issues.

Yours,

Joel H. Holt
